**TERMS OF SERVICE**

When a person seeks chiropractic health care and we accept someone for such care, it is essential for both to be working towards the same objective. Chiropractic has only one goal, to detect and correct/reduce the vertebral subluxation. It is important that each person understand both the objective and the method that will be used to attain it. This will prevent any confusion or disappointment.

**ADJUSTMENT:** An adjustment is the specific application of forces to facilitate the body's correction of **vertebral subluxation**. Our chiropractic method is by specific adjustments of the spine.

**HEALTH:** A state of optimal physical, mental and social well-being, not merely the absence of disease or infirmity.

**VERTEBRAL SUBLUXATION:** A misalignment of one or more of the 24 vertebrae in the spinal column which causes alteration of nerve function and interference to the transmission of mental impulses, resulting in a lessening of the body's innate wisdom/ability to express the maximum health potential.

We do not offer to diagnose or treat any disease or condition other than **vertebral subluxation**. However, if during the course of a chiropractic spinal evaluation, we encounter non-chiropractic or unusual findings, we will advise you. If you desire advice, diagnosis or treatment for those findings, we will recommend that you seek the services of a health care provider who specializes in that area.

Regardless of what the condition is called, we do not offer to treat it. Nor do we offer advice regarding treatment prescribed by others.

**OUR ONLY PRACTICE OBJECTIVE** is to eliminate a major interference to the expression of the body's innate wisdom. Our only method is specific adjusting to correct **vertebral subluxations**. If a lifetime of a better functioning body is what you want for you, your family, and friends, then you are in the right place.

I, (Printed Name) \_\_\_\_\_ (Signature) \_\_\_\_\_ undertake chiropractic services on the understanding of and agreement with, the above explanation. \_\_\_\_\_ (Date).

Consent to evaluate and adjust a minor and/or child: I, \_\_\_\_\_ (Print Name) being the parent or legal guardian of \_\_\_\_\_ (Print Name) give permission for my child to receive chiropractic care.
